# *The Definitive Collection*

This year, ten new 2001 coins were minted at both the Philadelphia Mint and Denver Mint. Uncirculated coins are minted on special presses and are struck with greater force than circulating coins producing a sharp intricately detailed image. Now you can have all twenty coins – a complete ten-coin set from each mint – in a specially minted uncirculated collection. At just \$14.95, the 2001 United States Mint Uncirculated Coin Set® is a memorable gift for a special occasion, or a perfect introduction to coin collecting.
